

NovaMart Terms of Service (v4.2)

Excerpt: Section 7 - Shipping, Delivery & Non-Receipt Claims

- 7.1 An order is considered delivered once the carrier's tracking system marks the shipment status as "Delivered" at the shipping address on file for the order.
- 7.2 Customers must report a non-receipt claim within 5 business days of the marked delivery date in order to be eligible for investigation. Claims filed after this window may be denied at NovaMart's discretion.
- 7.3 Before filing a non-receipt claim, customers are encouraged to check with household members, neighbors, and building/property management, as packages are sometimes accepted or relocated by a third party at the delivery address.
- 7.4 NovaMart is not liable for packages confirmed as delivered by the carrier's tracking system that are lost, stolen, or misplaced after delivery.

Policy effective date: January 15, 2026. Presented to customer at checkout.
